

ENGINEERING, DESIGN,
SUPPLY AND INSTALLATION
OF MARINE TURNKEY
PROJECTS FOR
PUBLIC AREAS
AND LIVING
SPACES

hysea

**HYSEA
WAS BORN FROM A
MORE THAN 20 YEARS'
EXPERIENCE IN THE MARINE
INTERIORS OUTFITTING.
THEIR PARTNERS HAVE A
VERY STRONG BACKGROUND
IN THE INDUSTRY AND
ARE SPECIALIZED IN BOTH
NEWBUILDING AND REFIT
OF CRUISE LINERS, PRIVATE
YACHTS AND MILITARY
VESSELS.**

Our competence, experience, and skills span from what it takes to what is needed to fully meet and satisfy the outfitting requirements on public areas and living spaces.

We analyze the projects in cooperation with customers, architects and interior designers, developing custom solutions. Our suppliers, manufacturers, and artisans allow us to accomplish and fulfil the most challenging types of works: marble, ceramic, wood and carpet flooring, fix and loose furniture, metal, plaster and wood ceilings, as well as any finishing and painting, re-upholstering of soft furniture, curtains and all the necessary furnishings and accessories.

We offer our clients a worldwide logistics service and “on site” installation with experts and highly skilled teams of outfitters. Furthermore, our Group, together with a team of Italian artisans and suppliers, provides the electrical, hydraulic, air conditioning and security systems necessary to support and deliver a turn-key interior project.

We work along with architects and interiors designers to fulfil their requirements and expectations from the initial briefing and sketches, on board inspections and throughout all the phases until project completion.

Fields of operation:

- Atriums
- Casinos
- Shops
- Theatres
- Lounges
- Restaurants
- Discos
- Bars
- Children areas
- Spa areas
- Pool areas
- Solariums
